Brief Description of Argument to be Presented:

In the office action mailed June 30, 2008, the examiner reiterates his main assertion that the '276 patent includes pre-positioning and points to the background of the invention where liposuction is used prior to treatment as constituting pre-positioning. The Examiner further asserts that it is inherent to pre-position the patient so as to access the treatment area.

Applicants wish to discuss suitable amendments for overcoming the prior art before filing a response.

An interview was conducted on the above-identified application on _____.

NOTE: This form should be completed by applicant and submitted to the examiner in advance of the interview (See MPEP § 713.01)

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
